Sample Letter of Comfort

Dear (child),

Since you are reading this letter, there must have been an emergency while you were at school. Emergencies can be scary. The good thing is that they usually don't last very long. Things will get better soon. Please try to be brave and even as helpful as you can. We are trying to get to you so we can be together again. We love you and want to be with you. In order to get to you safely, we might have to come slowly and cautiously. You will need to be patient. Keep remembering how much we love you and that we are thinking about you every minute. Say your prayers often because that will help you too.

Love,
Mom & Dad
